- Offers of admission may be rescinded if any aspect of the application or submitted documentation is deemed to have been falsified.
- Applicants may only be admitted to one program at any one time.

Documentation Requirements

Applicants are required to submit the following documents with their applications.

- a) Official transcripts that come directly from the validating institution either electronically, via mail, or provided in an unopened envelope from the validating institution. Official transcripts for ALL secondary and/or post-secondary education or training must be submitted for processing of the Application for Admission.

Current BC Grade 12 students must initially submit an official verification of secondary school subjects for the final semester or term and subsequently complete their application by forwarding official transcripts as soon as they become available OR by requesting the BC Ministry of Education forward their final transcript electronically to the College. Secondary school counsellors can provide information on this process. Your Personal Education Number (PEN) must be included on page 1.

Applicants who are currently attending secondary school out of province must initially submit an official verification of secondary school subjects for the final semester or term and subsequently complete their application by forwarding official transcripts as soon as they become available.

- b) Other supporting documents for specific programs: Some programs have specific document requirements. Students are encouraged to check specific program document requirements at the time of application.

Applications will not be considered complete until all official transcripts and required documents are received.

Admission Processes

There are three different program admission processes – open, limited and selective:

1) Open admission

Any program of study that does not have a selective admission process or fixed capacity and is on a “first qualified, first admitted” basis.

2) Limited admission

A program with a limited number of seats per intake and is on a “first qualified, first admitted” basis.

3) Selective admission

A program for which seats are filled based on approved selection criteria. Such criteria may include, but are not limited to, assessment, portfolio submissions, interviews and grade point average. Meeting the minimum requirements for admission does not guarantee acceptance to the program.
