

Strengthen your study with real-world experience

# Automotive Service Technician

HARMONIZED

PRINCE GEORGE

FOUNDATION

30 WEEKS

SEPTEMBER

IN-CLASS

The Automotive Service Technician program will train you to become a skilled technician. You'll develop your preventative maintenance and repair skills, build your understanding of steering and other vital systems, and learn to fulfill other industry needs. Not only is this program a great introduction to the automotive repair and service industry, but it will also create opportunities for apprenticeship positions in dealerships, specialty repair shops, parts departments and even as a service writer.

## Admission requirements

The admission requirements mentioned below are the minimum requirements.

- Successful completion of English 10, or English 030, or equivalent
- Successful completion of Foundation Math and Pre-Calculus 10; or Math 030; or a minimum "C" grade in one of the following: Apprenticeship and Workplace Math 10 or Trades Math 041.

Students who do not meet the above requirements may wish to consult with a CNC advisor to determine their eligibility on the basis of mature student status.

See specific programs for more details on our website. Contact a CNC advisor at 250 561 5818 or [advising@cnc.bc.ca](mailto:advising@cnc.bc.ca) to discuss your educational plan.
