

Strengthen your study with real-world experience

Carpenter Foundation

HARMONIZED

PRINCE GEORGE - BURNS LAKE - QUESNEL

FOUNDATION

24 WEEKS

SEPTEMBER

IN CLASS

Learn to create a building from the ground up. Carpenters can work in the residential, commercial, light industrial or heavy construction fields, doing new construction, renovations, or maintenance. As well, they can go on to become supervisors, building inspectors, site superintendents, and more.

Careers

Carpenters work on a large variety of projects including:

- Residential (single family homes, apartments, townhouses) • Industrial (mills, manufacturing plants, mines, oil & gas)
- Commercial (shopping centres, retailers, dealerships)
- Institutional (swimming pools, hospitals, firehalls, schools)

Carpenters may also operate their own business, work as an educator, or further their education to become project managers, building inspectors, or executive level management in large construction firms.

For up-to-date information on fees, courses, and programs visit
