

Learn a skill-set that's
in high demand.

Computer Network Technician

 PRINCE GEORGE

 CERTIFICATE

 8 MONTHS

 SEPTEMBER

 IN-CLASS

Live on the cutting edge of technology

A Computer/Network Electronics Technician (CNET) certificate can pave the way for you to enter the IT field as a support technician, a networking technician, a data cable installer, or get involved with emerging technologies.

The program offers state of the art labs and real world equipment that will give hands-on training in:

- Foundation computer technology
- Network fundamentals
- Operating systems
- Microsoft and Linux network systems

You'll be prepared to write industry standard certification exams from the following organizations:

- Cisco
- CompTIA
- Microsoft
- Linux
- And more

For up-to-date information on fees, courses, and programs visit

cnc.bc.ca

Admission requirements

1. High school graduation or equivalent
2. English Studies 12 or English First Peoples 12 (minimum "C-") or English 050 or English 051 or equivalent
3. Foundations of Mathematics 11 (minimum "C-") or Math 043 or equivalent
