

Early Childhood Care and Learning

Earn a Diploma in Early Childhood Care and Learning from CNC. This program will provide you the opportunities to work with infants and toddlers or children requiring extra support.

Early childhood education is a naturally rewarding and challenging career. It is full of opportunities to help children and families learn and grow. A natural ability around young children is only the first step in the career journey. Professional caregivers face a variety of behavioural, organizational, and personal challenges.

The diploma will prepare you with skills to work with infants and toddlers and children with diverse abilities.

What do I need?

- ⇒ High school graduation or equivalent.
- ⇒ English Studies 12, or English First Peoples 12, or ENGL 050, or ENGL 051 or equivalent (minimum "C")

Note 1: Students must complete a provincial Schedule B criminal record search because there is a practicum component involving work with vulnerable people. Students are responsible for all costs incurred. A search which identifies relevant criminal convictions may prevent students from registering for practicum. To graduate from the Early Childhood Care and Learning program, each practicum must be successfully completed. RCMP criminal record checks are not accepted.

Note 2: Students can apply for an Early Childhood Certificate to Practice with the ECE Registry after completing the 100 level courses.

See specific programs for more details on our website.
