

A photograph of two men in a workshop setting. One man, wearing a black cap and safety glasses, is looking at a complex electrical panel with many wires. The other man, wearing safety glasses and a black hoodie, is pointing at the panel. The background shows a workshop with various tools and equipment.

Electrical Foundation

Are you interested in learning how your community is interconnected with electricity?

Prince George

Foundation

6 months or less

August,
February

Become an electrician beginning with this foundations program. As a electrician, you will perform critical duties in keeping our communities interconnected through the electrical grid. This 24-week certificate program can open up opportunities in several areas.
