

English Language

ENLA

With 30+ years experience teaching English as a Second Language, CNC is among the best English Language Institutes in Canada. Highly qualified teachers instruct in a pure English environment, so students' abilities improve very quickly.

Enjoy multi-cultural, multi-national classrooms, where students from around the world speak English together.

Students are assessed and placed at the appropriate level before being enrolled into classes. CNC's approach allows students to progress to higher levels of language skill, concentrating on reading, writing, speaking, and listening.

English Language classes help students reach their future goals and can provide paths to other programs at CNC.
