Health Care Assistant

 ALL CAMPUSES

 CERTIFICATE

 1 YEAR

 VARIES

 IN CLASS

CNC's HCA Program is designed to provide students with opportunities to develop the knowledge, skills and attitudes necessary to function effectively as front-line care-givers. Under the direction and supervision of a health professional, graduates provide person centered care aimed at promoting and maintaining the physical, emotional, cognitive and social wellbeing of clients.

Upon completion of the program, graduates are prepared to work in a variety of practice settings including home support, assisted living, residential/complex care, special care units, other home and community care settings and acute care.

For up-to-date information on fees, courses, and programs visit

Admission requirements

1. Two English 10 courses (minimum "C"), or ENGL 030 (minimum "C"), or equivalent.
2. Workplace Mathematics 10 (minimum "C") or equivalent.
3. English language competency requirements for applicants whose first language is not English: All BC HCA program applicants are required to demonstrate English language proficiency. Domestic and/or international applicants whose first language is not English will need to take a standardized proficiency assessment to confirm communicative competency in all four language skills areas (speaking, listening, reading and writing). To determine if you meet the English Language Requirements, please refer to the most recent English Language HCA Program Entry Competency Requirements criteria outlined by the BC Care Aide & Community Health Worker Registry.

Program requirements

Within two weeks of the program start, proof of the requirements listed at cnc.bc.ca/programs-courses/programs/detail/health-care-assistant-certificate must be provided. Incomplete certifications or documentation will prevent students from entering clinical placements. All certifications must remain valid throughout the program.

Note: All costs associated with certifications, courses and/or documentation requirements are the student's responsibility.

See specific programs for more details on our website. Contact a CNC advisor at 250 561 5818 or advising@cnc.bc.ca to discuss your educational plan.
