

Information technology (IT) as defined by the Information Technology Association of America (ITAA) is the study, design, development, implementation, support, or management of computer-based information systems, particularly software applications and computer hardware. Students develop a skill set to be able to administer, network, configure, secure, support and troubleshoot enterprise level networked computer systems and devices.

The Post-Diploma in Information Technologies program prepares students to obtain industry recognized certification from:

- Cisco
- Cisco Certified Entry Networking Technician (CCENT)
- Cisco Certified Network Associate (CCNA) - Routing and Switching
- CompTIA
- (A+, Network+,

Server+, Security+, Linux+)

- Microsoft
- Microsoft Technology Associate (MTA – Microsoft Server OS)
- And more
