

# Diagnostic Medical Sonography

Move your career forward.

 PRINCE GEORGE

 DIPLOMA

 TWO YEARS

 SEPTEMBER

 IN CLASS

Diagnostic Medical Sonography (*DMS*) program combines lectures, laboratory, and clinical practice to prepare you for a career in a variety of health care settings. DMS, more commonly known as ultrasound, is a type of medical imaging that uses high frequency sound waves to produce images of the body, which physicians use to diagnose and treat various diseases and conditions. As a Diagnostic Medical Sonographer, you will work in many healthcare settings and are in high demand across the country and internationally.

DMS program is accredited, allowing you to write the Sonography Canada credentialing examinations for Generalist and Cardiac Sonography streams to become a qualified registered sonographer.

For up-to-date information on fees, courses, and programs visit
