### What is the Student Readiness Assessment?

Applicants who cannot provide proof of having the Math and English requirements listed in the [Bookkeeping Certificate - Entry Requirements](#), may write the [Student Readiness Assessment](#) (SRA) to try to meet the admission requirements. The SRA assesses your proficiency in English and/or Math. In order to write the test, you must have a current CNC student number and have applied for the program. You are also required to pay the testing fee of \$20.00+ tax prior to your test date. To register for this assessment visit [Academic Success Centre](#).

Students returning after an interruption of two or more semesters must complete and submit an application along with an application fee. Re-admission will be considered on a first qualified, first accepted basis.

### Can I re-start the program in the next semester if I fail a course in the first semester?

At this time, the Bookkeeping Certificate Program does not have a re-admission policy. Therefore, if you fail a course that is a pre-requisite for another course, you will be de-registered.
