

Home Alone

Course Overview

The Home Alone course is designed to provide children 10 years and older with the necessary skills and knowledge to be safe and responsible when home alone for short periods of time. It will help them understand how to prevent problems, handle real-life situations, stay safe and constructively occupied. The course material covers such topics as establishing a routine, house key is your responsibility, strangers, telephone, emergencies, basic first aid, and internet safety.

Fees

\$83

Did you know?

As a parent, there are many tips to consider when it comes to leaving your child home alone.

Try having a trial period where you stay close to home while allowing your child to get a feel for being home alone.
