

A hand holding a black camera. The camera's LCD screen displays a vibrant photograph of a butterfly with black and orange wings perched on a yellow and orange flower. The background of the photo on the screen is a soft-focus green and white.

Photography for Youth

Course Overview

During this Pro D day Wren Gilgan will be your guide for a photographic journey to learn more about the art and craft of photography with either a cellphone or digital camera. Learn about the composition and purpose of images and how post processing helps achieve that end. Let's have fun!

Fees

\$55

Additional Information

Open to youth ages 9 -12.
Come prepared for the weather as this will be a field day.

Ready to Register?
