

Mental Illness & Substance Use for Frontline Workers

**15 hours
Offered once online**

Course Overview

\$315

This introductory course is designed to provide you with basic knowledge about mental illness and substance use. Through lectures and discussion, you will be offered the opportunity to gain insight and understanding of the impact of living with mental illness and/or substance use. You will be given essential tools and resources that will assist you with engaging and interacting with people who might be struggling.

Anyone working in a customer centric environment will benefit from this professional development.

Note: This course is not transferable towards the Medical Office Assistant Associate Certificate.

Approximately one week before the course starts you will receive a confirmation email that provides additional course details.
