

Forklift Operator - Aerial Boom Lift

Course Overview

This course is suitable for persons with little or no operational experience or for those whose certification has lapsed past the re-certification period. Students receive classroom instruction, a written exam, individual hands-on instruction, and a practical operating exam.

Additional Information

Students must be at least 16 years old and must bring government-approved photo ID.

Successful completion of this course requires 100% attendance and participation and a passing grade on the practical and written exams.
