

# Cybersecurity Fundamentals for Employees

## Course Overview

**\$173**

This course is designed to empower you with the tools you need to safeguard against cyberattacks and mitigate their impact. This workshop will cover essential topics such as:

- Understanding the scope and cost of cyberattacks on businesses
- Identifying common methods used in cyberattacks
- Recognizing the risk of human error in contributing to successful cyberattacks
- Cultivating a cybersecurity-focused company culture
- Developing a personal cybersecurity plan

By the end of the workshop, you will have the knowledge and confidence to protect yourself and your organization from cyber threats effectively.
