

S100: Basic Fire Suppression

Course Overview

\$287.60

Get ahead of the fire! Upon successful completion of this course participants will demonstrate a basic knowledge of the wildland fire environment, suppression & safety procedures, as well as an understanding of equipment used in British Columbia to effectively and safely prevent or respond to a basic wildland fire. Students will also learn how to avoid and survive fire entrapment.

Additional Information:

Certificate valid for 1 year.

\$12.40 student fees not included in listed price.

\$30/manual not included in listed price.

Participants may be required to travel to alternate location for in-field training components.
