

Microsoft Word Essentials For The Workplace

Course Overview

\$150

Become familiar with one of the most widely used word processors: Microsoft Word. This essential course will provide you with the knowledge and understanding of basic Word functions. Course modules include creating and saving files, navigating menu and toolbar items, and manipulating, proofing, and formatting documents and tables.

Students will receive a Letter of Successful Completion at the end of each course, recognizing their understanding and mastering of the course competencies.

Approximately one week before the course starts you will receive a confirmation email that provides additional course details.

Materials:

As long as you are enrolled in classes at CNC you will receive free access to MS Office 365 ProPlus.

**7 hours
offered in-person**
