

Intro to Growing Microgreens

Course Overview

\$35

In this introductory microgreens course, you will get a taste of what it's like to grow delicious greens, year round on your own windowsill! No green thumb is required for this course. Students will be putting into practice what they have learned by planting their first microgreen garden and will have the knowledge to maintain and try different types of greens at home.

Additional Information

All supplies will be provided..

2 hours
Offered 1 time

1 **2023S CEGR 110**
April 26, 2023
Sat | 6:00 - 8:00 pm

—
Please register before April 15, 2023. We ask those interested to register before the recommended date as courses under-enrolled as of this date may be cancelled. Registrations after this date will be accepted if space is available.
