

Traffic Control

Course Overview

\$458

The BCCSA is a WorkSafeBC approved training provider of high-risk traffic control persons in BC.

BCCSA's comprehensive, two-day standardized Traffic Control Persons (TCPs) course, consists of classroom and practical training. There are no prerequisites however, participants should have a good understanding of the rules of the road (class 5 or other driver's license is recommended).

Course Content includes roles, responsibilities and regulations, physical and mental requirements, job planning, temporary traffic control devices, work zones, mobile equipment, communication, other traffic control scenarios and practical skills.
