

Gelli Printing & Weaving

Course Overview

Lynne Gayan is a well versed artist working within an array of mediums. Gelli plates are a versatile method of mono-printing without a press using a reusable soft printing plate, a truly unique art form! Students will use their creativity to create various styles of prints, backgrounds, and more! In the afternoon, Lynne will change gears and teach students weaving techniques on a loom including the repetitive nature of "over, under, over, under" to create a handmade wrist cuff. Your child can express their creativity in new forms and bring home their artwork to show off!

Fees

\$10
