

CNC Study Abroad Bursary Application

The CNC International Education Department has established Study Abroad Bursaries to support CNC students in pursuing Study Abroad opportunities.

CNC Study Abroad Bursaries are awarded to eligible students participating in a CNC Study Abroad program. The award amount is \$500.

Eligibility criteria:

- Be enrolled as a full-time CNC student (domestic or international student) for at least one semester;
- Have been accepted into an eligible CNC Study Abroad program;
- Have an academic standing suitable to Study Abroad (GPA 2.5 or higher);
- Have a sincere interest in international and inter-cultural learning;
- Have not previously received a Study Abroad Bursary from CNC

Application Requirements:

- You must submit, as part of your general Study Abroad application:
 - Letter of intent detailing the importance and your involvement in international activities
 - Most recent transcript (not official)
 - Reference form

Evaluation:

Preference may be given to participants who have never received an award for study abroad activities or have been abroad before.
