

Knifecraft & Wildcrafting

Course Overview

Nothing affects your time in the outdoors like a well-chosen knife, and a knife is only as good as the one who wields it. In our Introduction to Knife Craft you will learn how to choose a good knife, how to maintain it, and how to use it safely to increase your comfort and joy in the outdoors. Additionally, learn to identify useful wild resources and how to harvest them safely & sustainably. Topics such as local wild edibles, wild medicinals, and natural cordage will be covered.

Fees

\$15

SPONSORED BY CHINOOK COMMUNITY FOREST

Additional Information

Appropriate clothing for being outdoors is recommended such as a coat, long sleeve shirt, full length pants, and shoes/boots. All supplies are provided but if students own a knife already, they are invited to bring it in. Students are expected to pack lunch. Ideal for students 9- 13.
