

Get a head start with Dual Credit

Dual Credit is an opportunity for high school students to begin post-secondary programs and courses while they are still in high school. This option is available for grade 11 & 12 students in good academic standing.

Why should I take dual credit?

Save Money: Your tuition is covered by your school.

Earn credits for high school and post-secondary at once.

Start college with a lighter load.

Build confidence in your future after graduation.

Transfer credits to CNC, UNBC, and other post-secondary institutions.
