

Fall Protection

Workshop Overview **\$295**

This hands-on workshop equips workers, supervisors, and employers with the knowledge and skills required to prevent falls in the workplace, in compliance with WorkSafeBC OHS Regulation Part 11: Fall Protection. Participants will learn to identify fall hazards, select and inspect appropriate fall protection systems, and properly use personal fall arrest equipment. The course combines classroom instruction with practical demonstrations and exercises to ensure confidence and competence in working safely at heights.
