

# Traffic Control Person

## Course Overview

**\$525**

Ensure safety and keep traffic flowing smoothly with our comprehensive **Traffic Control Person Training Program**. This course is designed to give you the skills and knowledge needed to protect yourself and others in any traffic management scenario, and is endorsed by the BC Construction Safety Alliance.

### What You'll Learn:

- **Risk Assessment:** Identify hazards and implement effective safety measures
- **Traffic Control Plans:** Create and execute efficient traffic management strategies
- **Clear Communication:** Develop strong communication skills for clear and effective on-site coordination
- **Equipment Use & Practical Skills:** Get hands-on experience with industry-standard equipment and real-world traffic control scenarios

Our program combines classroom learning with hands-on training, ensuring you gain both the theoretical knowledge and practical experience .

### Additional Information:

Must have government issued photo ID
