

# Intro to Prospecting

## Course Overview

**\$50**

Do you love rocks and learning about how they are made? Join John DeGrace (Geoscientist) for an informative class with training so you can find minerals and deposits in the areas around Mackenzie. Topics covered will include: Rocks and Rock Identification, maps, mineral deposits, prospecting methods and marketing.

Hosted by the Omenica Mining Association, this course will be taught over a span of two, 4-hour in-class, evenings, and one 7-hour, fieldwork day.

Enroll today!
