Medical Radiography Technology

Application & Information Package

September 2023 Intake

APPLICANT CHECKLIST

All of the following should be completed and submitted to the College of New Caledonia's Office of the Registrar at regoffice@cnc.bc.ca.

- ☐ Complete online application, pay application fee
- ☐ Official high school transcripts
- ☐ Official transcripts from post-secondary institution

Admission Requirements

- ☐ High school graduation or equivalent.
- ☐ The following courses, completed with an average GPA of 3.0 ("B") with no grade lower than a "C+":
 - Anatomy and Physiology 12, or BIO 050, or equivalent
 - English Studies 12, or English First Peoples 12, or ENGL 050, or ENGL 051 or equivalent
 - Foundations of Math 12, or equivalent
 - Physics 12, or PHYS 050, or equivalent
- ☐ English Language Proficiency requirements. Candidates whose first language is not English must meet the English requirements.
 - Provide proof of English language proficiency through one of the following:
 - Test of English as a Foreign Language (TOEFL iBT) score of 88 with no section below 20, within the last two years;
 - OR
 - International English Language Testing System-Academic (IELTS Academic) score of 6.5 overall with no band below 6.0, taken within the last two years;
 - OR
 - Successful completion of six credits of post-secondary English studies at a recognized college or university in an English-speaking country.

APPLICATION INFORMATION

Application to Registrar

Apply through the "Apply Now" button on the [Medical Radiography Program page](#) on the CNC website.

Requirements once Accepted

The list below is some of what will be required after you are accepted into the program. More information will be provided in your acceptance package and during orientation. All associated costs are the responsibility of the student.

**Do not arrange for this information until you receive instructions in your acceptance package.*

- Successful completion of MRAD 100: Medical Radiography Terminology course (approximately 10 hours of self-directed learning), which has a radiography language focus
- Proof of immunization status as outlined by the BC Centre for Disease Control and as outlined in the Practice Education Guidelines BC Immunization.
- Personal data sheet and release of information form
- Cardiopulmonary Resuscitation (CPR), level C or Basic Life Support (BLS). CPR online courses that do not include face-to-face practice components are not accepted.
- FIT tested for a N95 respirator.
- Criminal Record Check – Schedule B (*RCMP criminal record checks are not accepted*)
Students must complete a provincial Schedule B criminal record search because there is a practicum component involving work with vulnerable people. A search which identifies relevant criminal convictions may prevent students from registering for practicum. To graduate from the MRAD program, each practicum must be successfully completed.

Notes:

Clinical hours are required for graduation.

All certifications must remain valid throughout the program.

Students may be required to travel for practicum placements

SELECTION CRITERIA

Limited

If there is room in the program, you will be accepted once you have met all the admission requirements. This is called “first qualified, first accepted”. If you qualify after program is full, you will be put on a wait list for the 2023 Intake.

Self-identified Canadian Aboriginal applicants meeting the admission requirements will be given priority for seven (7) of the seats in the program until the institutionally recognized release date.

General Program Information

Program Specific Requirements

- Completed career investigation and participation in an MRAD program information session.
- Successful completion of MRAD 100: Medical Radiography Terminology course (approximately 10 hours of self-directed learning), which has a radiography language focus

These requirements are to be completed before the start of the program. You will receive further information as you go through the application process.

Financial Planning and Awareness

Be aware that even though all terms of the program are eligible for student loans, the loans may not cover the entire cost of the program. Students applying to this program need to begin financial planning, especially since there is very little opportunity to work while being a student in the program.

All costs associated with certifications, courses, and/or documentation requirements are the student's responsibility. In addition to expenses of tuition, textbooks, and uniforms, students are required to purchase miscellaneous clinic supplies and equipment.

It may be necessary for a student to be placed in a practicum location across the province and outside of the prince George area. Students are expected to cover the costs of accommodation, travel, and living expenses.

Information regarding estimated program costs, supplies, immunizations and other required documentation will be provided to students in a program acceptance package. All costs associated with the above are the responsibility of the student.
