

Video Conferencing – Receiving Sites

There are 3 receiving sites Burns Lake, Fort St. James and Vanderhoof.

All 3 receiving sites have the same equipment.

To use:

Power on the tvs,, and wake up the camera if it is asleep. The Lifesize phone unit is always powered on.

If the camera is asleep move one of the arrow keys around the OK button at the top of the remote.

Volume is adjusted by using the volume setting, under the blue button, on the Lifesize remote.

All receiving sites video conferencing equipment setup.

Lifesize phone unit, TV and Lifesize remotes.

Lifesize video conferencing unit.
