

Management Skills for Supervisors

Group Decision Making and Problem-Solving Skills

Course Overview

$665*

Want to build stronger teams and become a more effective leader? This course provides practical tools for communication, collaboration, decision-making, meetings, and performance evaluation.

Through a mix of theory and hands-on exercises, you will explore problem-solving models, group processes, effective listening, and communication strategies. You will also learn how to plan and participate in effective meetings, support performance evaluations, and apply new skills in the workplace.

Approximately one week before the course starts you will receive a confirmation email that provides additional course details.
